

## VENDOR REGISTRATION FOR PURCHASE OF DILUTE ACETIC ACID FROM GNFC AGAINST ANNUAL TENDER

Gujarat Narmada Valley Fertilizers and Chemicals Limited (GNFC) is getting about 50 to 70 MT per month Dilute Acetic Acid during production of Glacial Acetic Acid. Most of the time specifications remains as under:

Acetic Acid	: <b>85 to 92% by wt.</b>
Propionic Acid	: <b>7 to 12 % by wt.</b>
Water	: <b>0.2 to 0.8 % by wt.</b>
Iodides	: <b>50 to 100 ppm</b>
Appearance	: <b>Brown / Green Colour</b>
Acetic Anhydride	: <b>1.0 to 3.0% by wt.</b>
Propionic Anhydride	: <b>Not Traceable</b>

However GNFC cannot guarantee for the above specifications in each consignment as it depends on the process parameter of Acetic Acid Plant. GNFC is interested to sell this Dilute Acetic Acid on as is where is basis to the interested party. GNFC is interested to have resourceful, competent and cost effective on its approved vendor list for sale of Dilute Acetic Acid. Parties who are interested to register their names as approved vendor with GNFC for purpose of Dilute Acetic Acid may send their application in the Registration Form. Parties applying and getting qualified as registered vendor for purchase of Dilute Acetic Acid will be intimated accordingly and they will be required to make payment of RS. 1000/- by Demand Draft/ A/c payee cheque payable at par as registration fee (Non refundable) drawn in favor of M/s Gujarat Narmada Valley Fertilizers and Chemicals Limited, P.O. Narmadanagar, Dist. Bharuch.

This is a pre-qualification as vendor/registered customer for Dilute Acetic Acid for non registered customers. Those who are registered for Dilute Acetic Acid during the year 2016-17, need not to apply for registration. All vendors/customers (who are falling under above qualifying criteria) are not registered with M/s GNFC Ltd. Bharuch for purchase of Dilute Acetic Acid have to send their application for registration as approved vendor/registered customer.
